

YENEPPOYA
INTERNATIONAL EDUCATION

Bachelor of Medicine & Bachelor of Surgery (MBBS) 2025-26

Dr. Chyngyz Uzakbaev

Director, International institute
of medicine and science
Kyrgyzstan National University

From the Dean's Desk

Welcome to Kyrgyz National University! We are thrilled that you are considering joining our esteemed institution, particularly our Faculty of Medicine. As you embark on this important journey towards a career in healthcare, we want to emphasize the unique opportunities and experiences that await you here.

Our faculty is dedicated to providing a comprehensive and rigorous medical education that combines theoretical knowledge with practical skills. You will learn from experienced faculty members who are not only experts in their fields but also passionate about teaching and mentoring the next generation of healthcare professionals.

At Kyrgyz National University, we pride ourselves on fostering an inclusive and supportive learning environment. You will have access to state-of-the-art facilities, advanced medical technologies, and a diverse community of students from various backgrounds. This diversity enriches your learning experience and prepares you for a globalized healthcare landscape.

We encourage you to take advantage of the various extracurricular activities, research opportunities, and community service initiatives available to you. These experiences will enhance your education and help you develop as a compassionate and skilled medical professional.

As future leaders in healthcare, we believe it is essential for you to cultivate not only your medical knowledge but also your empathy, communication skills, and ethical decision-making abilities. Our curriculum is designed to instill these values, ensuring that you are well-prepared to meet the challenges of the medical field.

We look forward to welcoming you to our university and supporting you as you pursue your dreams of becoming a physician. Together, we can make a positive impact on the health and well-being of our communities.

Best wishes for your future endeavors,

Kyrgyzstan National University

Kyrgyzstan National University (KNU) is a prominent educational institution in Kyrgyzstan. It offers a diverse range of undergraduate, postgraduate, and doctoral programs in various disciplines, including arts, science, engineering, medicine, and social sciences. KNU is committed to academic excellence and research, providing students with quality education and research opportunities.

Collaboration Initiatives

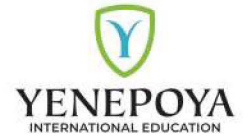

An International initiative between Yenepoya University & Kyrgyzstan National University

- ▶ International Medical campus.
- ▶ Strengthening and developing educational, scientific, cultural and other relationships.
- ▶ Provide highest standard in the field of medicine.
- ▶ Yenepoya is an active academic partner to provide highly qualified and experienced doctors and faculty.

Our Goal

To be one of the leading medical institution in Central Asia, renowned for excellence in education, innovation, and healthcare. We aim to nurture skilled and compassionate healthcare professionals who will drive advancements in medicine. Our commitment is to shape future leaders in medicine who will make a meaningful impact on society.

About Yenepoya University

Yenepoya University is a deemed university located in Mangalore, Karnataka, India. It offers a wide range of undergraduate, post graduate and doctoral programs in diverse fields such as medicine, dentistry, pharmacy, nursing, allied health sciences and management studies.

What makes the Program Unique?

Y E N E P O Y A

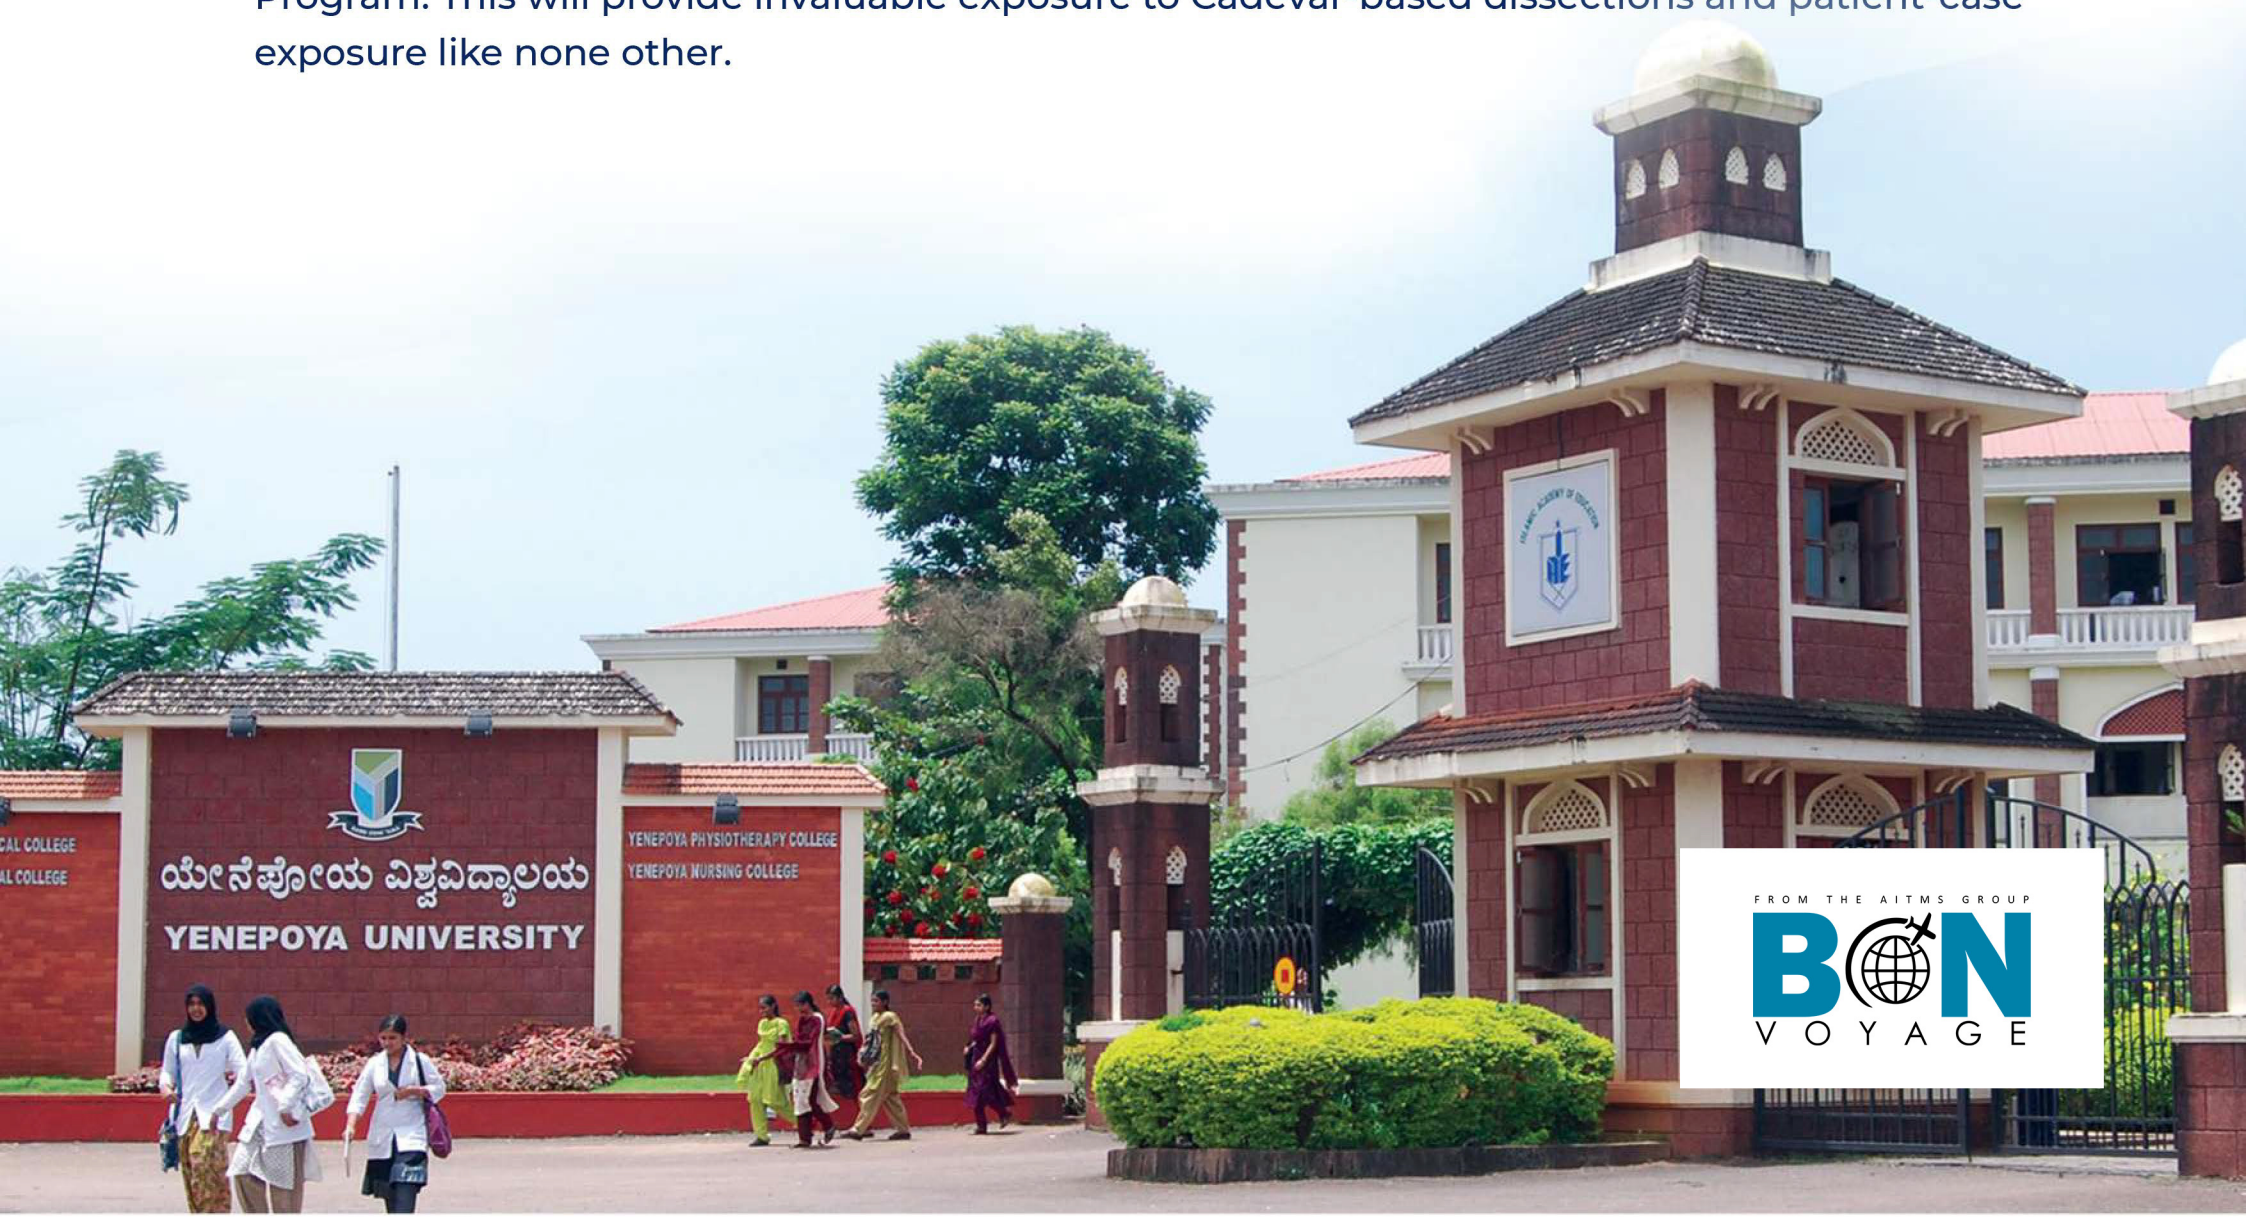

- Y - Yenepoya Guidance Cell
- E - Externship/Observership Program
- N - NEXT/FMGE Prep Integrated
- E - Engaging Learning Approach (VR)
- P - Positive Learning Mindset
- O - Opportunity for FMG Internship
- Y - YenMed App
- A - All-India Top Faculty

1. Yenepoya Guidance Cell

The Yenepoya Guidance Cell shall guide and assist you to take right steps for your future Education like NEET-PG, PLAB, USMLE etc. Our team sets up a periodic meeting to understand each student's vision and provides guidance on how to fulfil their vision.

2.Externship/Observership Program

Externship/Observership Program – Every year, it is mandatory for KNU students to attend Observership Program to meet clinical hours as per University standards. We are happy to welcome you to Yenepoya University, Mangalore to provide faculty-assisted observership Program. This will provide invaluable exposure to Cadevar-based dissections and patient-case exposure like none other.

FROM THE AITMS GROUP
BON
VOYAGE

3. NExT/FMGE Preparations

As per the latest NMC norms, every student who studies abroad must get certified in India within 10 years of college joining date. To get certified in India, each student must get their MBBS degree from abroad, then clear FMGE (Pass% - 15%-20%) and then complete 1 year of mandatory internship in India (FMG Internship). All this must be completed within 10 years of college joining date to be eligible to work in India. As time is of essence, our team is determined to provide supplementary FMGE-based sessions from Second Year onwards to provide the students a perfect platform to clear FMGE in their first attempt. If NExT replaces FMGE, then the sessions will be NExT-based or else it will be FMGE prep only.

4. Engaging Learning Approach (VR-based Learning)

To provide the best experience for our students, we have the latest technology of Virtual Reality based Dissection Learning. Each student can experience Dissections in a way that it never forgets. The sessions for cadaver-based dissections shall be also available in YenMed app for their reference.

5. Positive Learning Mentality

Medical life is one of the challenging fields due to the competitiveness of the field. We aim to develop a competent and positive learning mindset for the students to ensure that they are ready for the future.

6. Opportunity for FMG Internship in Yenepoya

After each student passes FMGE, they must complete 01 year of Internship in India (FMG Internship). Yenepoya Medical College has limited seats for FMG Internship, and the best of the best students from KNU-Yenepoya shall be considered for the Program

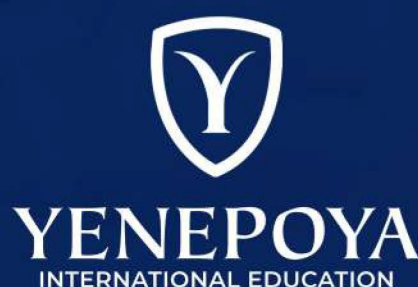

7. YenMed App

All the important topics that will be covered in the class will be available in their Android/Ios app in advance for them to be ready for the classes. These sessions will also act as a supplementary learning for the students to fall back for revisions.

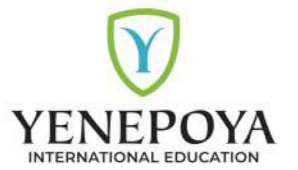

8. All-India Top Faculty

The most important of all – The Faculties. Our faculty panel will be handpicked to be the best of the lot from all over India to ensure the students get Pan-India exposure while learning.

Yenepoya Academic Team is 100% committed to provide the best of training for all the students to ensure the students are properly prepared as per their ability to meet their potential and ultimately reaching the goal of becoming better doctors for tomorrow

Our Students Says

Hanna Mammen

Student at Yenepoya international Education - Kyrgyzstan

"Studying at Yenepoya International Education has been a truly enriching experience. The institution provides a diverse and dynamic learning environment, with highly supportive faculty and innovative teaching methods. It has equipped me with valuable skills, knowledge, and confidence, preparing me for a successful career in the global workforce. I'm very grateful to this prestigious university for giving me an opportunity to become a successful professional."

Adarsha Singh

Student at Yenepoya international Education - Kyrgyzstan

"My academic journey at Yenepoya International Education has been profoundly transformative and rewarding. The institution's commitment to fostering a dynamic and excellent learning environment, supported by exceptional faculty and cutting-edge teaching methodologies, has equipped me with critical skills, comprehensive knowledge, and the confidence required to excel in a competitive global field of workforce. I am deeply grateful to this esteemed university for its pivotal role in shaping me into a capable and accomplished professional."

Karthik Unnikrishnan

Student at Yenepoya international Education - Kyrgyzstan

"My experience at Yenepoya International University has been truly enriching. The faculty, with their expertise and dedication, utilize innovative teaching methods that have significantly enhanced my learning. I am proud to be part of this esteemed institution, which has played a key role in transforming me into a competent and motivated future healthcare professional."

Fida Fathima CK

Student at Yenepoya international Education - Kyrgyzstan

"Studying MBBS at KNU Bishkek as part of the first KNU-Yenepoya batch has been an incredible experience. The dedicated Indian faculty have been instrumental in providing in-depth knowledge and guidance, ensuring we receive a high standard of medical education. Beyond academics, the multicultural environment and life in Bishkek have broadened my perspectives and shaped me into a more confident individual. Choosing KNU Bishkek has been one of the best decisions for my journey toward becoming a successful medical professional."

Rasam Pullat

Student at Yenepoya international Education - Kyrgyzstan

"Starting my MBBS at KNU Bishkek with the KNU-Yenepoya batch has been transformative. Exceptional Indian faculty, advanced facilities, and a balanced curriculum make KNU stand out. Living in culturally rich Bishkek adds to this incredible journey. Proud to be part of an institution shaping future medical professionals."

Our Parents Says

Dr. Naseer PM

"Words of Appreciation for KNU National University Kyrgyzstan

As a parent, it was initially a challenging decision to send my daughters to a distant and unfamiliar country for their medical education. However, after visiting the newly established medical college in Kyrgyzstan, I am immensely satisfied with my decision.

The institution stands as a testament to decades of experience in running healthcare institutions in India. This expertise is reflected in every aspect of the college — from its state-of-the-art infrastructure to its well-structured academic programs. The institution has successfully recreating the same standards of excellence here ensuring that students receive the highest quality education.

The ladies' hostel deserves special appreciation for being a safe, comfortable, and well-maintained space. The warden, with her strict yet nurturing approach, ensures a disciplined yet homely environment for the students. The quality of the food is also commendable, offering students meals that are not only nutritious but also familiar and satisfying.

It is evident that the college prioritizes the overall well-being of its students, creating an environment that fosters both academic and personal growth. As a parent, I am truly grateful for the care, dedication, and professionalism demonstrated by the college staff and management.

This institution has not only eased my concerns but has also instilled a deep sense of trust and confidence in its ability to shape the future of young medical professionals."

Mr. Kabeer

I am happy that I chose Yenepoya, Kyrgyzstan for my daughters' MBBS Studies. I decided to send her to the Kyrgyzstan campus of Yenepoya because of the reputation of the university in India. I was doubly reassured about my right choice after visiting the country in the campus myself. Awaiting eagerly for my daughter's completion of studies and to have a doctor at home.

Mr. Qutub

"I am extremely pleased with my son Ahmed's experience at Yenepoya KNU Kyrgyzstan.

The academic rigor is impressive, with well-structured courses and dedicated faculty. The university's focus on practical training and clinical exposure is commendable. Ahmed has already gained valuable hands-on experience, which is crucial for his future as a doctor.

The support services provided by Yenepoya KNU have been exceptional. From admissions guidance to student support, the university has consistently demonstrated a commitment to student success. I highly recommend this program to aspiring medical students seeking a quality education with a strong emphasis on practical learning."
